

Mil-Aero Cable Product Lineup

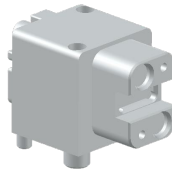

Optical & Hybrid Rugged Connector

MIL-DTL-38999

- Amphenol
- TE Connectivity
- Glenair
- Cinch Connectivity

VITA 66.X

- Amphenol
- TE Connectivity

Series 79

- Glenair

Custom Harnessing Jacket & Tubing

Tubing (Slit / Non-Slit)

- PEEK
- PTFE
- PFA
- Halogen-Free Polyurethane

Metal Conduit (Core / Armor)

- Stainless Steel (302/316)
- Galvanized Steel

Braided Sleeving (Non-Shrink)

- Nomex
- Kevlar (Aramid)
- Ryton
- Tin-Plated Copper

Custom Military Cable Capabilities

Custom Harness & Cable Designs

Single / multi fiber and conductor, low / high voltage assemblies tailored to your application

Flexible Configuration

Custom cable lengths, panel mount, and deployable assemblies for system integration

Mil-Aero Cable Product Lineup

Ruggedized Cable & Jacket

LSZH (Low Smoke Zero Halogen)

- Glenair
- TE Connectivity

LITEflight® Aerospace Fiber

- Amphenol CIT (Carlisle)

Fluoropolymers (PTFE / FEP / PFA)

- Gore
- Amphenol CIT (Carlisle)

Ruggedized Ribbon / Micro-Armor Cables

- Gore (SpaceFlight)
- Amphenol FSI
- Optical Cable Corporation (OCC)

Quality Assured

Manufactured under AS9100D and ISO 9001:2015 certified processes
